### Summer 2019

[DONATE NOW!](#)

Dear CW Members and Supporters!!

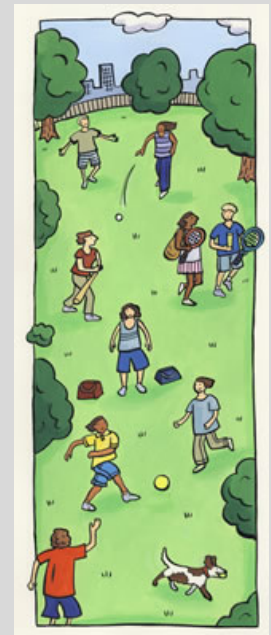

What times we live in!

As we watch our federal government dismantle protections for the poor and give undue wealth to the rich, millions more of us are moved into action, agitation and protest against the current administration.

We also revel in the magnificent success of having more women elected to public office than ever before. There is hope!

May your summer be a delight with light and joy-complimenting our shared movement toward justice for all.

Executive Director

### In Memory...

**Remembering Dick Bail** - Founder of Communities Without Borders, a CW Member Program.

Dr. Richard Bail returned from Zambia, Africa in 1999 having finished a three-month project for the United Nations AIDS program. He decided to take action on what he learned. More than 700,000 children in Zambia lost their parents to the AIDS pandemic. Most of these children were living in very poor communities and could not go to school because even though tuition was free, they had no money for required books, shoes, school uniforms and food.

**Remembering Daniel Janey** - Longtime Board Chairperson of Hawthorne Youth and Community Center, a CW Member Program.

The HYCC Board and our wider community were saddened by the sudden passing on April 24, 2019, of Daniel. He was a young social worker when he joined the board and collaborated with the late Samantha Sadd to make HYCC a place where youth could be exposed to the wider world of learning and community.
